💼 Experience

2015

Internship - iOS developer , *KeepCore*, Montpellier, `www.keepcore.com`.
The *HandiCarParking* application aims to quickly locate parking spaces reserved to disabled people all over the world. It's based on the *OpenStreetMap* data. Available in several languages, for free on the App Store. `https://itunes.apple.com/us/app/id986777305`

🔧 Projects

2014

Rock Paper Scissors Lizard Spock ✊✋✌✌✋, *University Institute of Technology*, Montpellier, `www.gaelfoppolo.com/projets/pfcls`.
Our project is based on the non-cooperative game *Rock Paper Scissors Lizard Spock* by associating the age and sex of the player in order to bring to light the hidden correlations in the data or general gaming trends. We propose to extract patterns of the form: " *after playing figure A followed by figure B, men aged between 18 and 22 years tend to play figure C* ".

2014

SporkADE - University planning, `www.sporkade.gaelfoppolo.com`.
Create a website converting university planning from ADE, the management app of university planning, to a ICS format. It allows export to a calendar software and an synchronization on smartphones.
